

The **BIC (Bank Identifier Code)** is an 8 or 11 code which identifies the bank name and destination of the bank.

An **IBAN (International Bank Account Number)** is used internationally to uniquely identify the sort code and account number of a customer at a financial institution. The IBAN consists of up to 34 alphanumeric characters: the first 2 being the country code.

You should be able to view these codes on your bank statement (AIB sample below). Otherwise contact your bank for more information.
